

# REFRIGERATED WINE CABINETS

A refrigerated wine cabinet is the best way to ensure that your wine is properly stored, preserving its full and rich taste. Bacchus Cellars carries only the finest brands such as Wine Enthusiast® and EuroCave®, considered the world's most technologically advanced wine cellar. We even carry cabinets from the Portfolio Collection – quality hardwood furniture and state-of-the-art refrigeration in one! Our large selection guarantees that you'll find a unit that fits your style *and* your budget.

## SILENT WINE REFRIGERATORS by Wine Enthusiast

- Units sized to store 6- to 48-bottles
- Maintain ideal storage temperature (50-60° F)
- Built with thermoelectric cooling system (vs. compressor), resulting in ultra-quiet performance and eco-friendly operation – no gaseous refrigerants are ever released and less energy is consumed
- Feature digital temperature display, easy push-button controls, Thermopane™ glass doors, and chrome pull-out shelves

48-Bottle, 2-Temperature  
Stainless Steel-Trimmed Door
